

# Stereo Y-Splitter Cable

Listen together. Share audio with a friend.

The Stereo Y-Splitter Cable lets you share your audio with a friend wherever you go. The splitter's double auxiliary jacks allow you to connect two headphone sets so you and a friend can listen to music or watch a movie together on the same device. The Stereo Y-Splitter Cable works with any device that has a 3.5mm auxiliary port, including smartphones, MP3 players, media players, tablets, and laptops.

Premium gold-plated connectors provide superior signal transfer, giving you the rich acoustic experience your ears crave. You never have to worry about damage to the connectors – the gold-plated tips are corrosion-proof, providing maximum conductivity.

## Key Features
