For
iPhone 7

Durable Protection Wherever You Go

Kanex EdgeGlass is a lightweight yet durable tempered glass designed to shield your screen from everyday use. It's scratch resistant, so feel free to throw your phone in your bag without worry.

Complete Coverage

Unlike other screen protectors that stop at your screen's bezel, EdgeGlass covers the entire face of your phone, providing maximum coverage and protection.

Crystal Clear

Absolute image clarity and touchscreen responsiveness are still maintained. EdgeGlass has a transmittance rate of 95%.

Keep It Clean

Oil-repelling coating helps prevent and reduce fingerprints, making it easier to clean.

Scratch Resistant

Scratch resistant tempered glass with a 9H hardness rating helps absorb the impact of an accidental drop.

Limited Lifetime Warranty

Here at Kanex, we take satisfaction in engineering quality, durable, and reliable products. So, if your EdgeGlass ever breaks, simply return it to us, and we'll replace it for as long as you own your device (terms and conditions apply).
