## Connect a Projector or Display to Your new MacBook®

The Kanex USB-C™ to DVI Adapter lets you expand your new MacBook screen onto a DVI supported display, computer monitor or projector. It's the perfect adapter that supports HD visuals from your USB-C output to DVI.

Projector

## Perfect for Presentations

Display your presentations on any DVI equipped display with our USB-C™ to DVI Adapter. Many projectors and displays continue to utilize the DVI interface and this adapter makes it easy to plug and play.

## What is Thunderbolt™ 3?

Thunderbolt™ 3 is the USB-C™ that does it all. For the first time, one computer port connects to any Thunderbolt, USB, or DisplayPort device.

## Maximize your Productivity and Entertainment

Add a second monitor or mirror your display to increase productivity. Having that additional workspace improves multi-tasking and increases efficiency at work or at home. With the USB-C™ to DVI Adapter you can play video games on a larger screen, enjoy your favorite movies, TV shows, or photos in full 1080p.
