3.3'
1M

Made for
iPod iPhone iPad

Charge and sync your iPhone in style with the Kanex iPhone Dock in premium aluminum finish. Set the iPhone Dock on your desk at home or in the office for hands-free calls and eye-level FaceTime sessions. A 3.3FT/1M USB cable is attached so you can charge your iPhone from a USB wall charger or charge and sync through your computer.

Stand Above the Rest

The iPhone Dock gives you a great angle for a hands-free FaceTime, Skype, or phone call user experience. It's also a great way to add an additional screen to your workspace so you can keep track of your iMessages, emails, and favorite apps.

Flexibility

Equipped with an adjustable MFi-certified Lightning connector that ensures your iPhone, iPod or iPad will sit perfectly in place while you charge and sync.

Premium Details

Beautifully designed throughout with a premium aluminum finish to match your Apple products. The iPhone Dock also features a sturdy Lightning connector, silicone back support, 3.3-foot USB cable, and a slip resistant base.

Take Your Stand with You

The iPhone Dock conveniently detaches into two pieces to make travel safer and more convenient. Simply snap the aluminum back support into the platform and you're ready to use the iPhone Dock again.
