USB-C™ > Gigabit Ethernet Adapter

8.25"
21CM

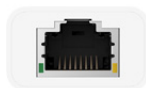

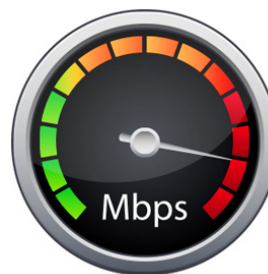

Connect a 4K HDTV or HD Display to a new MacBook

The Kanex USB-C > HDMI 4K Adapter lets you expand your new MacBook's screen onto a 4K HDTV or HD display. View your favorite movies, TV shows and your photo collection in full HD with multi-channel digital audio output.

Fast and Reliable

The USB-C > Gigabit Ethernet Adapter gives you direct access to a high-performance Gigabit Ethernet network. Perfect for streaming movies, gaming online or browsing the web uninterrupted. Say good-bye to Wi-Fi dead-spots.

Plug and Play

Our Gigabit Ethernet Adapter is small and compact and ready to go right out of the box without needing to install a driver. Simply plug one end to a Gigabit Ethernet cable and the USB-C end to your new MacBook or compatible USB-C ready device and you're ready for the web.
