Connect a Mini-B Device to Your new MacBook

The Kanex USB-C > Mini-B Cable lets you connect compatible digital cameras, cellphones and PDA's to a new MacBook or USB-C ready computer so you can charge and sync at home or on the go. This 5-pin Mini-B cable is perfect for transferring photos and video to your computer.

Connect With What You Have

Simply plug-and-play for many digital camera models, cellphones, MP3 players, PDA's and other Mini-B supported devices. This cable provides a transfer rate up to 480 Mbps (depending upon the peripheral's USB version) and is ideal for transferring pictures from your digital camera to your new MacBook or USB-C ready computer.
