kanex

SlimPort® to HDTV Adapter

- Connects a Nexus 4, 5 and HP Chromebook 11 to an HDTV
- Connects Micro USB to a power source for phone charging
- Supports HD resolutions and multi-channel audio

HDTV

Nexus 5 and 7

Display Your Phone to Your HDTV

4K **7.1**

Easily display and share your videos, photos, games and more from your Google mobile device to an HDTV with high resolutions up to 4K picture quality and full digital audio surround sound.

Unlimited Play

With so many cool features on your phone, it's easy to quickly run out of power. Kanex SlimPort adapter features a micro USB port so you can connect to a power source and maintain battery life while you're displaying your content onto an HDTV.

Simple Set Up

No installation or drivers required. Just plug and play!

1. Connect the Kanex SlimPort adapter to the Micro USB port on your Nexus smartphone.
2. Connect an HDMI cable from the adapter to the HDMI port on your HDTV.
3. For additional power, connect the Micro USB charging cable provided from the Micro USB port on the adapter to a wall charger.

Nexus smartphone

Kanex Slimport

HDTV

Works with Nexus 5

The Kanex SlimPort to HDMI adapter allows you to mirror content from your Google Nexus 5 to an HDTV.

HP Chromebook 11 Made with SlimPort

Micro USB SlimPort

The HP Chromebook has a Micro USB port for charging and SlimPort video out. So you can use the Kanex SlimPort adapter to display your presentation directly from your Chromebook to any HDMI display - like an HDTV or projector.

SlimPort compatible HDTV is required for charging simultaneously.
