

Sydnee

4-Port Charging Station for Mobile Devices

- Four USB ports equipped with 2.1 AMP of power each
- Eliminate cable clutter
- Works with iPad, iPad mini, iPhone, Android and Kindle devices

4 Devices, 2.1 Amp, Power Cord

With Sydnee at your desk, you can recharge up to 4 smartphones, tablets, e-readers or MP3 players simultaneously. Each individual USB port pumps out 2.1-amps/10W of power for quick charging.

Charge Smarter

Sydnee's "smart charge" feature detects which device is charging and adjusts to provide optimum supply of power. There is also built-in short circuit protection to provide you with peace of mind while your devices are charging.

Charge your iPad mini, iPad and iPhone 5

Works with Android and Kindle devices

No Mess. No Problem.

With no tangle and no mess – your cable clutter is simplified without compromise through Sydnee's intelligent design. One cord powers the whole device.

Your Space, Defined

Built with simplicity and style in mind, Sydnee can be employed anywhere. From schools, hospitality markets and retail stores to corporate offices, conference rooms and health care facilities, just plug it to the wall and start charging your devices.
