

iAdapt VGA

Mini DisplayPort to VGA Adapter

- Extend/mirror your desktop to any VGA enabled display
- Fully compatible with Thunderbolt™ port
- Perfect for business or educational presentations

Fit For Thunderbolt™ Port

If you're using an existing Mac with Mini DisplayPort or looking to upgrade to the latest MacBook Pro, we have you covered. The Thunderbolt port is fully compatible with our adapter.

Mini DisplayPort to VGA

Connect this Mini DisplayPort to VGA adapter so you can view your content on HDTVs, monitors, and projectors. Greatly expand your viewing options with the iAdapt VGA.

Made for Presentations

Display your presentations on any VGA equipped display with our iAdapt VGA. Many projectors and displays continue to utilize the VGA interface. It's a simple plug and play solution.

Maximize Your Productivity

Add a second monitor or mirror your display to increase productivity. Having that additional workspace improves multi tasking and increases efficiency at work or at home.
