- Long-lasting, built-in rechargeable battery
- Connect up to 3 devices using MultiSync Bluetooth keys
- Low-profile, keys provide an enjoyable typing experience
- Includes full numeric keypad, Mac layout and hotkeys

Mac | iPhone | iPad

Sync Between 3 Bluetooth Devices

MultiSync technology makes it easy for simple one-touch switching between three devices. Just pair your devices and start toggling. Bluetooth 5.0 technology means you don't have to take up valuable USB ports with wireless receivers. Setup is easy, and no installation or drivers are required.

Rechargeable Battery

The Kanex MultiSync Keyboard's built-in rechargeable lithium-ion battery has a 600 mAh capacity, enough to keep you typing for 6 months. It comes with a micro USB cable, so when you're ready to charge, simply plug in to any wall adapter to power up. Easily check power levels with the touch of a button. An LED indicator will blink when the battery is low.
