

USB-C to DisplayPort™ Cable with 8K Support

- 6FT., 1.8M
- Supports up to 8K resolutions
- DisplayPort cable clicks into place for a secure connection

Connect a 4K HDTV or HD Display to a new MacBook

The Kanex USB-C to DisplayPort Cable with 8K Support improves connectivity of laptops, desktops, and tablets by creating a high-performance video connection. Taking advantage of the powerful features from USB 3.1, this cable will unlock the 8K performance of DisplayPort 1.4.

Movies, Music and Photos

Display your files on your DisplayPort ready HDTV or HD projector. Watch the latest movies and TV shows from your favorite streaming service. You can even share your photos and videos with your friends and family.

Connect to More

Our line of USB-C connectivity solutions are made with your needs in mind. As we welcome the new USB-C devices, we've identified a need to bridge the gap between the old, current and new technologies.
