2.1A USB charging port

LED Charging Indicator

2.0 Amp

Dual Charging
Charge Apple Watch and iPhone simultaneously.

Priority Charging Detection
Enables pass-thru charging. Your devices get charged first, and then the battery recharges itself.

Power management and Protection
Built-in surge protection for your device.

Inductive Charging Stand for Apple Watch
GoPower Watch Plus has the same magnetic inductive charging connector that comes with Apple Watch built-in and can charge both 38mm and 42mm models.

Apple Certified
GoPower Watch Plus is Apple MFi Certified, so you can expect quality performance and reliability.
