Connect Your new Apple TV® to Your Home Theater System

The Digital Audio Adapter allows you to stream HD content from your new Apple TV directly to your home theater system via HDMI with pristine sound radiating from your optical audio or 3.5mm audio port.

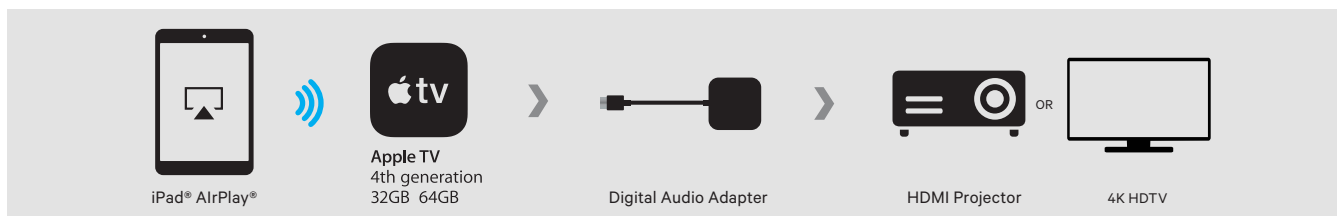

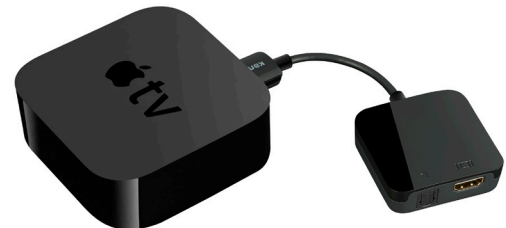

Compatible with Your Current Surround Sound System

Now you can listen to your favorite music, podcasts, TV. shows, and radio apps with your existing home theater sound system or sound bar. Connect directly via standard digital optical or 3.5mm audio port. Compatible with new Apple TV®, Amazon fireTV™, Nexus™ Player, and Roku®.

Stream Content Directly from Your iPad to an HDMI® Projector

The Digital Audio Adapter allows an HDMI® TV, Monitor, Projector, or Display to utilize Apple AirPlay® mirroring from an iPad® to new Apple TV®, so you can take advantage of the latest technology. Enhance presentations and educational iLearning experiences.
