

USB-C™ to DisplayPort Adapter with 4K Support

kanex

- Connect your new MacBook to a DisplayPort supported 4K Ultra HDTV
- Enjoy video streaming on a big screen
- Supports a Maximum resolution of 4096 x 2160 @ 60Hz

8.25"
21 CM

Thunderbolt™ 3 Port Compatible

Connect a 4K HDTV or HD Display to a new MacBook®

The USB-C™ to DisplayPort Adapter with 4K Support lets you expand your new MacBook's screen onto a 4K HDTV or HD display equipped with DisplayPort. View your favorite movies, TV shows and even your photo collection in full HD.

New MacBook®

4K TV

Movies, Music and Photos

Stream your content onto your DisplayPort equipped HDTV or HD projector with the USB-C™ Adapter. Watch the latest movies and TV shows on Hulu, Netflix, or iTunes. You can even share your favorite photos and videos with your friends and family.

Simple and Portable Solution

Setup is easy. Simply plug a DisplayPort cable* from your HDTV to the Kanex USB-C™ to DisplayPort Adapter with 4K Support. Next, connect the USB-C to your new MacBook.

The adapter is compact and easily stores away for travel. Also ideal for entertainment rooms, home office, education, and conference rooms.

*DisplayPort cable not included

What is Thunderbolt™ 3?

Thunderbolt™ 3 is the USB-C™ that does it all. For the first time, one computer port connects to any Thunderbolt, USB, or DisplayPort device.
