

MHL™ 2.0 to HDTV Adapter-11 Pin

Works with

The Kanex MHL Phone to HDTV Adapter is a Micro USB to HDMI adapter that allows you to mirror games, photos and videos from your phone to an HDTV.

Display in HD

Easily display your favorite HD videos, games, photos and other media from your phone to an HDTV.

This portable adapter operates your phone in MHL mode so you can receive calls, texts and emails while connected.

Supports HD Video & Digital Surround Sound

Experience HD video content with up to 1080p picture quality and full digital audio surround sound.

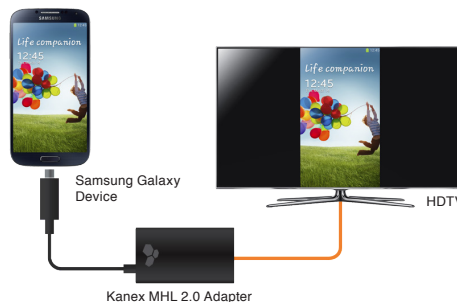

Simultaneous Power Charging

Use your microUSB charging cable to charge your phone while in use so you don't have to worry about your battery running out while displaying your content.

Simple Setup

Set up is easy. No installation or drivers required.

1. Connect your phone's power adapter to the Kanex MHL Phone Adapter via the Micro USB port, then connect to a power source.
2. Connect an HDMI cable (not included) to the Kanex MHL Phone Adapter, then connect the other end of the HDMI cable to the HDMI port on your HDTV
3. Plug the Kanex MHL Phone Adapter to your phone's micro USB port
