

Kanex Launches Thunderbolt 2 Express Dock: 1 Dock. 8 Devices. Blazing Fast.

Features an aluminum housing, 2x Thunderbolt 2.0 ports, and 2x USB 3.0 + 1x Charge Ready USB 3.0, Gigabit Ethernet port, HDMI out and Aux out ports.

BREA, CA – February 15, 2015 – Kanex®, a leader of innovative connectivity solutions for personal use and businesses worldwide, today announced the availability of Kanex® Thunderbolt 2 Express Dock: conveniently connect up to eight devices simultaneously to your MacBook or Thunderbolt ready device.

“We wanted a beautiful product that wouldn’t take up too much real estate on your desk,” said Kelvin Yan, president of Kanex®. “Our Thunderbolt 2 Express Dock has all of the essential ports you need to help you increase productivity. It’s also a great way to manage multiple devices thanks to the extra USB 3.0 and Thunderbolt ports, allowing you to free up your Mac and be mobile once again.”

Thunderbolt 2 Express Dock conveniently lets you connect up to eight devices to your MacBook or Thunderbolt enabled desktop. It features a 4K/HD dual display support for your HD display. With two available Thunderbolt 2 ports, one to connect to your computer and one to pair with your favorite device. Access and transfer information at 20 gigabits per second from one convenient location. You’ll be able to maximize productivity in the office, studio or at home by connecting and expanding up to three additional USB enabled peripherals thanks to our SuperSpeed™ USB 3.0 ports. For access to a reliable, wired network connection, we’ve also included a Gigabit Ethernet port.

Thunderbolt 2 Express Dock provides added convenience by including a charge ready USB 3.0 port in front of the dock so you can charge and sync your iPhone, iPod, and iPad without having to tilt or shift the main unit.

The design of the Kanex® Thunderbolt 2 Express Dock compliments your Mac products thanks to its sleek aluminum body. Its compact and slim profile saves you valuable space on your desk or workstation without sacrificing the performance and power that you need.

Compatibility

Thunderbolt supported Mac and PC's.

Pricing and Availability

MSRP \$249.95 | April 1, 2015
