

iAdapt® USB-C to Dual DisplayPort™ Adapter

- Connect two additional DisplayPort monitors to a computer.
- Features the latest DP1.4 spec.
- Supports up to MST dual DisplayPort 5K/60Hz resolution output.
- Compatible with any USB-C equipped host devices and DisplayPort equipped displays.
- Plug and Play.

Dual Display

Easily connect your USB-C equipped computer to two external DisplayPort monitors with up to 5K resolutions each.

5K x 2

USB-C powered devices can deliver digital content at resolutions above Ultra HD, the highest available from a single A/V connector. This makes it ready for future applications, including VR and 8K HDR displays.

Multi-Stream Transport

Supports MST functions allowing for extended, mirrored or duplicated screens along with HDR10, 3D, DSC (Display stream compression) and 7.1 channel audio.

USB-C MacBook

USB-C Input

Supports Dual 5K @ 60Hz

2 DP1.4/DP++ output ports
